EDUCATION

Cambridge Institute of Technology North Campus <i>Bachelor of Engineering in Computer Science and Engineering; CGPA: 7.45</i>	Bangalore, India 2023 - 2026
Government Polytechnic - 169, KGF <i>Diploma in Computer Science and Engineering; CGPA: 7.1</i>	Kolar, India 2020 - 2023

EXPERIENCE

Full Stack Developer Intern (React, Next.js, Prisma ORM) <i>InfoTechBrains CloudTech Private Limited</i>	Sept 2025 – Present <i>Remote</i>
- Developing multiple real-world client projects as a full-stack developer using React, Next.js, and Prisma ORM, building scalable and efficient solutions. - Reframed to emphasize design decision-making, collaboration, user flows, prototyping, and working with UI/UX.	
Software Development Engineer Intern <i>Akanksha Foundation</i>	Feb 2025 – July 2025 <i>Remote</i>
- Developed the complete back-end using Django, MySQL, and Python to connect volunteers with NGOs efficiently. Built secure REST APIs for authentication, user management, and activity tracking - Collaborated with front-end developers to integrate API endpoints into the application interface	

PROJECTS

Chaats Gallery With Lassi <i>React, Tailwind CSS, JavaScript, Vite</i>	2025
- Designed end-to-end user experience focusing on menu exploration, ordering flow, and visual design consistency. Created UI layouts, component structure, and responsive interactions using Figma before implementing. - Built a responsive web application using React, TypeScript, Vite, and TailwindCSS with real-time backend integration via Convex. Implemented 3D graphics with Three.js, comprehensive UI components using Radix UI, and data visualization features for enhanced user experience. Officially hosted at chaatsgallerywithlassi.in	
Inventory Management System - Full Stack <i>Mongo DB, React, Express.js (MERN)</i>	2025
- Designed dashboard layouts, data visualization patterns, and form experiences to enable faster inventory updates and easier scanning workflows for users. Prioritized usability, clarity, and workflow efficiency. - Designed and developed an enterprise-grade user interface with interactive dashboards, statistical analytics, form validation, confirmation modals, and barcode management system for seamless inventory tracking	

TECHNICAL SKILLS

Core Web Stack	React, Next.js, Prisma ORM, Express.js, RESTful APIs, GraphQL, Tailwind CSS
Languages	Java, Python, C, JavaScript, MySQL, PostgreSQL, MongoDB, HTML, CSS
Frameworks & Libs	Django, Flask, Node.js, Figma, Canva,
Design Skills	User Flows, Wireframing, Prototyping, Visual Design, Interaction Design
Collaboration	User Research, Usability Testing, Design Documentation, Cross-functional collaboration
Other Expertise	AI/ML Integrations, Networking, Computer Hardware

ACHIEVEMENTS

- Secured **1st Prize** in **InnoFussion 2.0 (UI/UX Track)** at UEM Kolkata for *Leaf Logic AI* (June 2025).
- Presented **Tutee AIO** on stage at **Vision Karnataka 2025** alongside ISRO, DRDO, UIDAI; praised by former CM Jagadish Shettar (June 2025).
- Secured **1st Prize** in **GDSC Code Clash** for full stack implementation (March 2024).

CODING PLATFORMS

LeetCode: leetcode.com/u/gowrishhb5

CodeChef: codechef.com/users/gowrishhb5

GeeksforGeeks: geeksforgeeks.org/user/gowrislxtk

Problems Solved: 600+ problems across LeetCode, CodeChef, and GeeksforGeeks
